

# BLIZ TEMPO WAS AWARDED BEST RUNNING GLASSES 2016!

Recently, a large and prestigious eyewear test was conducted which included the market's largest and strongest brands in eyewear. The test was conducted together with an optician\* on behalf of the world's leading running magazine, Runners World, which annually tests and evaluates running equipment. The Swedish Runners World appointed Bliz Tempo best running glasses 2016!!

TEMPO - Art.no 9021

## RUNNERS WORLD REVIEW:

RRP: €90

Weight: 24gram

**Facts:** Delivered with a replaceable darker lens and an additional contrast-enhancing orange lens. Optically compensated lenses with 100% UV protection. Adjustable nosepiece, adjustable temples with removable sweat bar. In the price you also get a strap for securing the glasses even more around the head. Hard case included.

+ Light weight with a good fit. Does not move while running. The lens delivers nice light in almost all weather conditions. Provides good wind protection. Affordable.

- Can not be combined with prescription lenses.

### Brands and models included in Runners World's test:
